

# Privacy Report for Ms. Jennifer Smith

Report #1, November 6, 2017

We've removed you from the people search databases on which we found your information. The report below shows each of the databases we've scanned, what we found, and what we're doing to remove it. After we've submitted each opt-out we go back and check each database again to make sure your information has been removed.

Although all of your listings on our removal list will disappear within a month, some will be gone quicker than others. For example, the databases that we're able to opt out of online, such as Spokeo, have already processed or will process within a few days. Those that require hard copy mailings, however, may take up to six weeks. But know that they'll be gone soon!

New databases will be added to our list as they appear, but don't worry -- we'll submit opt-outs for your personal information to all new databases we find as well. We'll keep working on your behalf and when we have significant updates to this report we'll send you an email to let you know.
